## GORNJE MEĐIMURJE - VRT ZDRAVIH UŽITAKA

Posjetite neponovljivu pejzažnu čipku gornjeg Međimurja koju kreiraju blaga vinorodna brdašca, plodna ravnica između moćnih rijeka i idilična sela okićena cvijećem. Ovu zelenu oazu, koja je dio UNESCO-va rezervata biosfere Mura-Drava-Dunav, najbolje ćete upoznati vozeći bicikl ili hodajući brojnim tematskim stazama. Zbog njezine uređenosti i ljupkosti ovu regiju mnogi nazivaju i "Vrtom Hrvatske". Iz tog plodnog vrta svakako kušajte jela spravljena od prepoznatljivih lokalnih namirnica: bučnih ulja, jabuka, krumpira ili primjerice heljdine kaše. Meso z tiblice, sir turoš, riječni smuđ ili kolač međimurska gibanica samo su neke od prepoznatljivih delicija koje se idealno sljubljuju s Pušipelom te nizom drugih impresivnih bijelih i crnih vina. Putovanje tradicionalnih i zdravih namirnica od polja do stola, doživjet ćete u starim riječnim mlinovima, tradicionalnim uljarama ili drvenim prešama za grožđe te u brojnim seoskim turizmima, restoranima, od kojih samo najbolji nose prestižne oznake Zlatni i Međimurski Gurman. Na pitoreksnoj vinskoj cesti dočekuju vas obiteljske vinarije s jedinstvenim vinima i izvrsnim jelima. Nakon mnoštva aktivnosti u prirodi i gurmanskih doživljaja najbolje ćete se opustiti u termalnom hramu Toplice Sv. Martin koje su u samom srcu ovog vrta zdravih užitaka.

## UPPER MEĐIMURJE - GARDEN OF HEALTHY PLEASURES

Visit the unique landscape lace of Upper Međimurje created by mild wine-growing hills, a fertile plain between the mighty rivers and idyllic villages ornamented with flowers. The best way to get to know this green oasis, which is a part of UNESCO's Mura-Drava-Danube Biosphere Reserve, is by riding a bike or walking the numerous thematic trails. Due to its tidiness and grace many people call this region the "Garden of Croatia". Make sure to taste the dishes from this fertile garden made with distinctive local ingredients: pumpkin oil, apple, potato or buckwheat porridge, for example. Meat from "tiblica", cheese Turoš, river perch or a cake "međimurska gibanica" are just some of the recognizable delicacies that are ideally paired with Pušipel and a number of other impressive white and red wines. In rural tourisms, old river mills, traditional oil mills or wooden wine presses and a number of restaurants, of which only the best carry the prestigious label Gold and Međimurski Gurman, you will experience a journey of traditional and healthy food from farm to table, on which carefully prepared specialties are waiting for you. At easily approachable and well marked wine route family wineries expect you with unique wines and excellent meals. After a multitude of outdoor activities and culinary experiences the best way to relax is to visit the thermal temple Spa Sveti Martin, which is at the heart of this garden of healthy pleasures.
